Thank you for emailing me your comments on the draft UIC Dewey-Burdock permitting actions. I have added your email to the list of public comments received. I have also added you to my contact list to keep you informed on future EPA activities related to these proposed actions.

Thank you!
Valois

Subject: Dewey-Burdock

On hearing of this proposal, I find it disturbing. If the water is treated safe enough to inject into water safe for human consumption than give it to livestock, irrigation, or dump right in nearest stream or river! If you haven't gathered I am totally against this idea as well as the proposed uranium mining operation. Thank you for your time and please think of further generations and not the interest of some corporate bottom line.
